

BERT’S SHEET METAL PRODUCTS **QF-002 · EMPLOYEE TRAINING RECORD**

Controlled form under Quality Manual QM-001, Section 17 (Training) · Rev A · August 13, 2026

Employee:		Hire date:	
Role:	☐ Operator ☐ Manager	Record started:	

Trainer and employee initial each topic when the employee can perform it without supervision. Topics marked (Mgr) apply to manager accounts only. Add job-specific topics in the blank rows.

Training topic	Date	Trainer initials	Employee initials
Shop safety — machine guarding, PPE, housekeeping			
Reading customer drawings; title-block tolerances (QM-001 §6)			
Measuring tools — correct use and care of calipers / mics / gauges			
Checking tool calibration status before use (QF-001)			
Orders app — finding the job, traveler, drawing, and due dates			
QC app — Start Inspection with photos (first piece)			
QC app — operator self-checks during the run			
QC app — flagging a part / raising an NCR; segregating nonconforming parts			
Material identification and handling; customer-furnished material			
Equipment operation — machines this employee is authorized to run (list):			
(Mgr) First-article review and approval			
(Mgr) Receiving inspection and material certs			
(Mgr) NCR disposition and corrective-action closure			

Annual review — record continues on additional sheets as training is added.
